Regulatory Approvals

• FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interferences when the equipment is operating in a commercial area. This equipment generates, uses and may radiate radio frequency energy, and if not installed in accordance with the user guide, may cause interference in the transmission of radio communications. If operating in a residential area, it is probable this equipment will cause harmful interference, in which case the user will be required to try to correct this interference using his own means.

• CE Statement

This product complies with the 99/5/EEC directives, including the following safety and EMC standards:

■ **EN 301 489-1 V1.8.1 :2008** ■ **EN 301 489-17 V1.3.2:2008**
Electromagnetic compatibility and Radio spectrum Matters (ERM); Electromagnetic compatibility(EMC) standard for radio equipment and services; Part 17：Specific conditions for wideband data and HIPERLAN equipment

■ **EN 300 328 V1.7.1:2006**
Electromagnetic compatibility and Radio spectrum matters (ERM);Wideband transmission equipment operating in the 2.4GHz ISM band and using spread spectrum modulation techniques; Part 1: Technical characteristics and test conditions Part2：Harmonized EN covering essential requirements under article 3.2 of the R&TTE Directive

■ **EN 60950-1:2006**
Safety for information technology equipment including electrical business equipment

• CE Marking Warning

This is a Class B product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

• Directive 1999 / 5 / EC
